<b>Following your Live Lessons:</b>				
For the remainder of the morning, you should work on your Live Lessons assignments (highest priority), or other work choices from your Work Pack, past weeks, or the LE Work Plan. For classes like Math, you may want to spread out your assignments over a few days, but just be sure to have it ready for the next Math class.				
Finished your assignments and looking for more ideas?				
This folder contains an updated LE Work Plan, as well as a range of learning extensions and activities.				
<b>Lunch Bunch Update!</b>				
Lunch Bunch will now take place 3x a week. Students will be invited to attend on a specific day, and we will rotate through the class list until all students have had a chance to attend.				
Please check the Lunch Bunch tab to see what day your child has Lunch Bunch and confirm their attendance by inserting your email address.				
<b>This week's stories!</b>				
Keep an eye on your email, for the 12:30 p.m. release of Miss Mrachko's Storytime.
